DRS. SUSAN & BRAD MATTISON

podiatry  
group

Where feet come first.

## PLEASE NOTE THE FOLLOWING ABOUT Insurance Coverage

### ***Our office participates with most major insurance plans.***

It is your responsibility to obtain any referral, if necessary, prior to being seen. Without the necessary referral, you will be responsible for payment for the visit.

### ***Most insurance covers podiatric services.***

However, there are exceptions.  
It is your responsibility to know your insurance benefits.

### ***It is important to note this about routine foot care and custom orthotics when it comes to insurance coverage:***

**ROUTINE FOOT CARE** (the cutting of normal nails, corns, and calluses in the absence of a medical necessity, such as diabetes) is generally a **non-covered service**. This applies to most insurance companies, including Medicare.

**We are happy to help you and offer routine foot care for \$45.**

**CUSTOM-MOLDED ORTHOTIC DEVICES:** Most insurance companies also consider custom-molded orthotic devices a **non-covered service**.

*If you have questions regarding your financial responsibility during your care in our practice, please feel free to discuss it with one of the members of our staff prior to treatment.*
